

THE JAPANESE PLAN SURPRISE

**A Dispatch Says Attack is
Now Imminent.**

**Fresh Russian Defeat Reported, but
Not Confirmed—The Day's News
From the Far East**

London, April 8.—Dulze's Paris correspondent wires that a report has reached the French capital of a fresh defeat sustained by the Russians in the vicinity of the Yalu river. Their loss is said to have been heavy. There is no confirmation of the report.

London, April 8.—The British and American ministers at Seoul, Korea, says a correspondent of the Central News, have requested the Korean foreign office to send a guard to the British and American mines in Ping Yang district as a precautionary measure.

St. Petersburg, April 8.—Information received from Port Arthur today asserts that the Japanese have planned a supreme attempt for the investment of Port Arthur on Sunday, which is the orthodox Greek Easter. Twenty-five fire ships have been prepared for sinking in the channel, while the whole Japanese fleet in the vicinity will bombard the forts.

MOBILIZATION

**Of All of Russia's Reserves is Now in
Its Incipency**

Paris, April 8.—A St. Petersburg correspondent of the Petit Parisien cables: "A Colonel of the general staff has informed me that a general mobilization is in course of preparation. In view of complications which may ensue, the police have been instructed to prepare lists of all university graduates under 40 years old, capable of serving as reserve officers. A portion of the reserves will be told off to guard the trans-Siberian railroad. The decree ordering the mobilization will be published shortly."

"The arming of the Port of Libau has been completed, and foreign vessels have been forbidden to enter the port without authorization."

SIX TOWNS

**In Northeastern Korea Occupied by
Russian Advance Guard.**

Seoul, April 8.—Telegrams have been received saying that the Russians are occupying six large towns on the Tumen river in Northeastern Korea.

A Korean Prefect has sent in a report that the Russians and Chinese who were at Yongampho, Korea, have withdrawn to Aintung, across the Yalu river. Only a few merchants remain at Yongampho.

RETREATING

Are Garrisons of Towns Before Vladivostok According to Refugee.

Shanghai, April 8.—Refugees who have arrived here from Korea assert that the fear that the Japanese may land at Possiet Bay (in Manchuria and about 65 miles southwest of Vladivostok) is causing a general exodus inland. Even the Russian garrisons in that locality are retreating, leaving only small outposts behind them.

British Politics.

London, April 8.—Austin Chamberlain, when asked regarding the story printed in the Manchester Dispatch to the effect that Joseph Chamberlain, his father, would abandon his tariff campaign on his return from Egypt, said the report was without foundation. The campaign, he said, would be continued without interruption.

Officials Indicted.

Sault Ste. Marie, Mich., April 8.—The grand jury which has been investigating the charges of corruption made against the city officials, has returned a bunch of indictments supposed to be not less than a dozen. The court will not give out the names of those indicted until a number of arrests have been made. It has been claimed frequently that fraud existed in the building of a water works system, trunk sewer and bridges over the power canal.

DIVORCE FIGURES ARE GATHERED

**United States Leads All
the Countries.**

**Statistics Gathered for the Roman
Catholic Messenger—The Result
is Here Shown.**

New York, April 8.—For the first time in seven years an effort has been made to gather divorce statistics in the United States and the result shows that in that time the yearly average of divorce has grown from 16,436 to about 70,000, or more than 400 per cent.

Father Otten has prepared for the Roman Catholic Messenger a table of statistics of divorce for recent years, which shows that the percentage of increase since 1887 has been growing steadily.

In Massachusetts in 1886 there was one divorce to every 21 marriages; in 1901 there was 1 to every 20. In Ohio there had been in the former year one to every 16; in the latter there was one to less than 11. In Michigan there had been one divorce to every 13 marriages in 1886; in 1901 there was one to every nine. In Rhode Island there has been a divorce to every 11 marriages in 1886; in 1901 there was a divorce to every eight.

Father Otten then approaches the subject from the side of the cities, basing his conclusions on figures in the bulletin of the department of labor for September, 1902. These give the divorces granted in 1901 in 60 cities as 6,998. These cities contain nearly one-ninth the population of the country. If there proportion was maintained throughout the country there would be for the United States 62,651.

Father Otten has gathered statistics from 60 counties and finds that they indicate a total for the country of 61,166 for 1901.

To find a social menace parallel to this it is necessary to turn to Japan, where it is said, there are 100,000 divorces yearly. Among other nations American figures are unapproached. France granted in 1902 21,939 divorces. The German empire with a greater population has not half the number of divorces that are attributed to France—fewer than 10,000. In England 177 absolute divorces were granted in 1901 a number which increased to 234 the next year. In Canada there were but 11 in 1900 and but 19 in 1901 to match our probably 61,000 in 1901, which, in all likelihood, has become nearer 70,000 in the year that has just closed.

BURTON STARTS FOR WASHINGTON

St. Louis, April 8.—United States Senator Burton of Kansas, who was sentenced in the United States district court, departed yesterday for Washington, D. C., accompanied by his wife.

He had expressed the intention yesterday of going to his home in Kansas.

The record in the case is now in the custody of James Gray, clerk of the United States district court, who was given sixty days in which to file a copy of it with the United States district court of appeals.

The case is made returnable at the sitting of the court in St. Louis next November.

Three Men Killed.

Washington, April 8.—The explosion of a gas tank in the building of the Pintsch Compressing company in the Pennsylvania yards this morning caused the death of three men and probably fatal injuries to a fourth.

The dead:
S. Henderson.
J. Cumberland.
An unknown negro.
Injured, C. Bixby.

New York, April 8.—Champion Jeffries accompanied by "Billy" Delaney, Joe Egan and Joe Kennedy, his starting partner, will leave New York this afternoon for Harbin Springs, where Jeff will go into hard training for his championship battle with "Jack" Munroe. "Jeff" expects to enter the ring weighing 229 pounds and yesterday weighed 235. Munroe started for the Pacific coast several days ago.

FIRE

**Which Threatened Millions
Broke Out in New
York Today.**

New York, April 8.—A fire which threatened millions of dollars worth of property broke out this morning in the six story building at the southwest corner of West Broadway and Franklin street. The building was occupied by J. S. Barron and company, woodenware dealers. The efforts of the fire department were entirely confined to preventing the spread of fire which scorched adjoining skyscrapers. Several firemen were overcome by smoke and others were blistered by the heat. The damage is estimated at \$209,000.

TEXAS CYCLONE DOES DAMAGE

**Hail Drifted Foot Deep
Near Commerce.**

**Two Children Killed—House Blown
Down—Wires Down and News is
Slow in Arriving.**

Ft. Worth, Texas, April 8.—(Bulletin.)—A cyclone passed up the Red river country last evening doing much damage. At Mills two children were killed in the wrecked home of Benjamin Diggs, and several other members of the family were injured. A man driving along the public road, near Point Enterprise on a load of wood was picked up and carried over a fence into a field and was slightly injured. Houses were blown down at Mexia, Sholb, Prairie Grove and other points in the wake of the storm. Hail drifted a foot deep in places near Commerce. Telegraph wires are down and the running of trains on the Cotton Belt railway is interfered with.

Parsons Selected

Washington, April 8.—James R. Parsons, Jr., of Albany, N. Y., has been selected for the position of consul general at Mexico City to succeed Andrew D. Barlow, resigned.

WANT RELIEF

St. Marys, O., April 8.—At a large mass meeting of citizens last night, a committee was appointed to go to Columbus to confer with the legislature in an effort to secure a sufficient appropriation to place the banks of the reservoir in safe condition, and also to give the farmers in the vicinity relief from the high waters. Another rain and high east wind would in a few hours bring to naught all the temporary repairs that have been made. A large portion of St. Marys lies from 10 to 12 feet lower than the reservoir, and should a break occur people living in this part of the city would be caught like rats in a trap. A committee from Celina will accompany the St. Marys committee to Columbus.

DRAGGED

**The Body of Her Husband and Threw
Her Money Away.**

Terre Haute, Ind., April 8.—Mrs. Daisy Markel, formerly an inmate of the insane hospital, had a recurrence of her affliction this week when her husband, David Markel, died. While women neighbors were with her she took the body of her husband from the coffin and dragged it to the kitchen. The women were frightened and ran from the house. Several men had difficulty in persuading Mrs. Markel to let them replace the body in the coffin.

The funeral services were held Wednesday, and afterward it was thought she had become rational, but later the police found her on the streets throwing money away.

Rome, April 8.—King Alfonso of Spain has personally telegraphed the Pope thanking his holiness for the interest taken in the incident at Barcelona yesterday when an explosion occurred by which his majesty was reported to have been placed in grave danger. Alfonso says the affair was insignificant. He adds that he trusts thoroughly in the good sense and loyalty of the Spaniards.

TWENT-FIVE WERE KILLED

**Fifteen Hundred Houses
in Macedonia Destroyed.**

**By an Earthquake on Last Monday,
April 4—The News Was Received
Today in Vienna.**

Vienna, April 8.—(Bulletin.)—Twenty-five persons were killed, forty badly injured and 1500 houses were destroyed by an earthquake April 4, in the vilayet of Kossovo, Macedonia, according to a report received in Vienna this morning.

DYING WISH OF HIS WIFE

**Was to Keep the News of
Her Death Secret.**

**Dr. Houghton Thus Explains Why He
Had No Notice of Mrs. Hough-
ton's Death Published.**

Philadelphia, Pa., April 8.—After she had been buried for more than four weeks the friends of Mrs. C. W. Houghton wife of a doctor living at 1528 North Seventh street, on making persistent inquiries for her, learned that she was dead, a fact that had been guarded as a secret by her husband at her dying request.

Mrs. Houghton had suffered from cancer for a long time, and the best physicians of the city had consulted over the disease, but pronounced it hopeless. Her husband spared neither money nor pains to secure the best of expert advice, but when all was of no avail he consented to his wife's wish that no publicity should attend her death.

"I suppose it was unusual," he said, "to have no announcement in the newspapers of my wife's death or funeral, but this was omitted, strictly in accordance with her dying wish. She knew that she had wasted away until she was but a shadow of her former self, and she felt a decided unwillingness to have friends who had known her well to look upon her shrunken form and carry that remembrance of her with them."

She repeatedly asked me to promise that no notice should be made of her death, and while I hesitated at first, finally agreed to accede to her wishes. She was attended by some of the best physicians in the city, all of whom declared her case hopeless. I, of course, notified all of her relatives of her death, but since the funeral there have been cases of mere acquaintances calling at the house and asking for her owing to the failure to make a public announcement."

DEADLOCK

**IN MINERS' AND OPERATORS
JOINT CONVENTION**

**At Athens Was Broken Thursday and
Scale Adopted for Next
Two Years.**

Athens, O., April 8.—The deadlock of miners and operators who have been in joint convention here since March 28, was broken Thursday and an agreement reached. The machine men have agreed to accept a reduction of one cent instead of one-half cent as asked by them and the operators.

With this concession by the machine men the operators who contended for a cent and a half reduction yielded and a cut of one cent will be made, while the loaders will receive a decrease of 2 cents.

This agreement will make the price for the next two years as follows: Loaders, room coal, 40 cents; entry coal 60; machine men, room coal, 9 cents; entry coal 11-12 cents.

The scale became operative April 1. The convention adjourned at noon and President W. H. Haskins and J. M. Roan were appointed as scale committee to confer with the interstate scale committee, which will formally ratify the scale adopted in the district.

FLYER

**Wrecked This Morning
Near Fort Scott, Kas.,
16 Being Hurt.**

Kansas City, Mo., April 8.—The Kansas and Texas flyer was wrecked at 4:30 this morning near Fort Scott, Kas. The wreck was caused by the spreading of rails. The engine, mail, baggage and express car left the track and a chair car was completely overturned. The engine and both coaches turned over a five foot embankment. Sixteen passengers were injured slightly. The train was running 40 miles an hour. It is considered miraculous that nobody was killed.

SNOW FALL IN WESTERN STATES

**A Howling Blizzard Today
in Nebraska.**

**Kansas City Weather Bureau Reports
Storm General as Far South as
Oklahoma.**

Lincoln, Neb., April 8.—(Bulletin.)—A howling blizzard is raging in Nebraska today. A snow storm propelled by a fifty mile gale from the northwest set in at daylight. The mercury is several degrees below freezing. Railroad traffic on all lines is seriously impeded.

Kansas City, Mo., April 8.—Snow fell here this morning. The weather bureau reports the storm general in this section and extending to the Oklahoma line. A high wind prevailed early today, being sufficiently powerful to cause the collapse of a foot bridge across the Kansas river.

Sioux City, Ia., April 8.—A heavy fall of snow is recorded throughout South Dakota last night ranging from two to ten inches deep. Seeding had progressed considerably, but now is stopped. South Dakota needed rain badly and if warm weather follows the storm will be beneficial.

SEVEN INJURED

St. Louis, Mo., April 8.—Seven persons were injured in a street car wreck at Easton and Vandeventer avenues this morning, when two cars collided with terrific force on a crossing. The injured:

Charles L. Loring, hand and knee crushed.
Homer Brantley, face cut.
Thomas Koplun, back and head injured.
Conductors J. R. Tweedy and A. Wilson, cut with flying glass; motor-man Wm. Lorrain, and M. A. Dorland, face and hands cut.

ONROLLERS

**Church Building Will be Moved to
Accommodate Congregation.**

Rockport, Ky., April 8.—The Methodist Episcopal church in Yelvington will be placed on rollers and hauled to the town of Powers, 10 miles distant. The change is to be made because the majority of the congregation live in the vicinity of the latter place and have requested that the church be located there.

The work of moving the building will begin at once, and it is estimated that it will cost \$1,000 to complete the job. As the building is a large and handsome structure its moving will be attended with some difficulties, but it is expected that these will be happily overcome.

A BAD WASHOUT

Washington, Ind. April 8.—The worst washout in years occurred on the B & O Southwestern railway at Bockers creek, east of here this morning. Two hundred feet of roadbed and an embankment forty feet high were washed out where the company is constructing a trestle. No trains from Cincinnati or Louisville will reach here for a day or two.

There are 249 women doctors in Great Britain.

IN HIS SISTER'S, PRETTY DRESS

**Gardiner Bell Posed as a
Girl at the Ball.**

**A Stir Created in Washington Society
by the Young Man's Escapade,
at Charity Ball.**

New York, April 8.—A Washington dispatch to the Herald is as follows: "Do you know," confided one fair woman to another at the Charity Ball for the Home of Incurables in the New Willard Hotel, "that there is a man in this ballroom dressed in girl's clothes?"

"Heavens, no!"
This is the way it began to be whispered, about midnight, that "Miss Van Eyck," around whom some of the most popular dancing men of Washington had been crowding all the evening, was really young Gardiner Bell, president of the American Security and Trust company, and a grandson of Alexander Graham Bell, an eminent scientist.

All Washington society is talking about it. Mrs. James W. Wadsworth and others of the patronesses are indignant. The charity ball was one of the smartest functions of the season.

Gardiner Bell is 17 years old, and has a slender figure and delicate features, which made the rest easy when he and his sisters, Miss Helen and Miss Grace Bell, decided that "Miss Van Eyck" should be "among these present" at the charity ball. Their mother was absent from their home. She declared that if she had been there her son would never have been permitted to don a stunning pink frock belonging to one of his sisters, who admirably set off the "girlishness" of his figure.

A blonde wig covered tall-tale short-cropped hair. A pair of long gloves hid from view fingers which showed the effects of work on the baseball field in Norristown, N. J., where the young man attends a preparatory school. The powder puff was liberally used, and was carried to the ball, to be frequently employed later.

At the New Willard "Miss Van Eyck," with the Misses Bell, consulted the mirror, and after assurances that everything was "perfectly lovely" swept into the ballroom, soon to be surrounded by claimants for dances.

The Misses Bell kept "Miss Van Eyck" well under their wing and once reproved her for flirting. It was the young women present who first discovered the hoax. They thought it was a great joke. Some of the men whom they told did not think so.

"Miss Van Eyck" went to supper with one of the best known young men in Washington. The two had such a long tete-a-tete later that those no tin the secret began to gossip at a great rate.

Acting as hostesses were Mrs. Geo. Bloomer, Mrs. Spalding and Mrs. Spalding and Mrs. Archibald Hopkins. They were astounded when told that all was not as it appeared to be on the feminine side of the smart social function.

Gorman's Denial.

Washington, April 8.—Senator Gorman denies today in emphatic terms the report that he has endorsed the candidacy of Judge Parker for president. "I have not discussed the presidential nomination with any senator or with any newspaper man," he said. "The story that I have expressed a preference for Judge Parker is entirely without foundation."

Forgot He Was Divorced.

Marion, Ind. April 8.—Adolph Thilphard forgot that his wife had procured a divorce from him and filed suit here for legal separation. When the case came up Thilphard said his wife had procured a divorce from him in Detroit last September. He had forgotten it until the attorney appointed to defend her located her in Detroit.

Norfolk Tragedy.

Norfolk, Va., April 8.—T. L. Drury, after killing Parks McChesney, 21, married, today, surrendered. McChesney tried to injure Drury's 15-year-old daughter. Drury shot the man in the presence of the latter's wife and child.

CIVIC OFFICIALS WERE TOO SLOW

**In Calling for Militia in
Springfield.**

**This is the Defense of Major Kirkpatrick, Who Also Demanded a
Written Order**

Springfield, April 8.—The charge that the local civic officials delayed unnecessarily in calling out the militia on the night of the lynching of Richard Dickerson, is the pivot on which the testimony before the military investigating committee here Thursday largely revolved. This is the defense of Major Kirkpatrick and it is being thoroughly investigated. The evidence of Mayor Bowlius was given in this connection and other city officials will testify along the same line today. Sheriff Routzahn says he called Major Kirkpatrick by telephone about 7 o'clock on the night of the lynching, but that he would not respond. Major Kirkpatrick explains this by saying that he could not bring out the troops without a written order.

AFTER A PRAYER

**Unknown Young Woman Plunged Into
the Lake at Chicago.**

Chicago, April 8.—Kneeling above the water of Lake Michigan on the outer end of Randolph street viaduct, a well dressed young woman raised her hands, clasped, toward heaven, said a short prayer and then leaped. Although her attitude of prayer, as she knelt with clasped hands, halless and coatless, upon the pier was witnessed by several persons, she drowned before assistance could reach her.

An hour later her body was recovered and taken to the morgue, where it awaits identification. The clothing indicated wealth and refinement.

JURORS REFUSED

**To Render Verdict Until They Were
Sure of Their Fees**

Belleville, Ill., April 8.—A jury in the trial of a case reported: "We have reached a verdict, but we refuse to turn it in until we receive our fees."

"Constable," take the jurors to jail and keep them there until they give up their verdict," ordered Justice Wangelin. When the constable started to carry out the order the jurymen weakened and returned a verdict of guilty against the defendant, charged with using offensive language.

REFUSED HIM FOOD

**So Waycaster Killed His Wife and
Then Shot Himself.**

Denver, April 8.—S. D. Waycaster, formerly of Asheville, N. C., shot and killed his wife and then attempted to commit suicide by shooting himself in the neck. He has a chance for recovery.

Waycaster, who was out of employment, quarreled with his wife and mother-in-law, several days ago. He returned and told his wife that he was starving and asked for money to buy food. This was refused him. The shooting followed.

Mrs. Botkin Guilty.

San Francisco, April 8.—Mrs. Cordelia Botkin was last night pronounced guilty of murder in the first degree on the charge of having caused the death of Mrs. John P. Dunning by poisoning candy sent to her through the mails. Her penalty will be life imprisonment.

San Francisco, April 8.—Mrs. Botkin, who was convicted of murder last night and given a life term for the crime is in a complete state of collapse this morning. It is learned that the jury reached the verdict early, and at first being in favor of hanging, Mrs. Botkin's fate was decided by the exhibit comprising the note sent with the poison in the candy box and the acknowledged examples of her writing. An appeal will be taken. The court set April 15 as the date for passing sentence.

BETTER FIRE PROTECTION FOR NEWARK FACTORIES

Close Call the Big Wehrle Foundry Had Thursday Morning Again Demonstrated the Necessity for an Up to Date Adequate Water System in Fire.

Since the fire at the Wehrle stove foundry on Thursday morning, which was luckily confined to only a small part of the immense plant, a terrible realization of the fact has come home to every one who has the welfare of the city at heart, that the very industrial life of Newark is at the mercy of fire, in view of the inadequacy of the present water works system. The situation is such that too much stress cannot be laid on the absolute necessity of better fire protection for Newark's factories. The experience of the firemen at the Powers-Miller fire last December, and again at the Wehrle plant Thursday, has demonstrated beyond cavil or dispute that a more adequate water works system has become an immediate necessity. The situation at present is the exact one prophesied by the Advocate in the campaign of two years ago, when the question of issuing bonds for a municipal water plant, was submitted to the people. It seemed almost incredible that any one would oppose the proposition for city ownership, but the fight against it was taken up by certain influences and was made an issue. The principle argument used against the bond issue was that there was no necessity for undue haste; that the franchise of the present water company had until 1906 to run, and that it was not good business sense to vote a bond issue two years before the money was needed. This plausible sophistry was seriously considered by some voters, but this paper consistently showed that it was necessary to submit the question at that time for a number of reasons, first, because the water company could be counted on to attack the bond issue in the courts, and involve it in tedious litigation.

It was also urged by the Advocate that the issue could be authorized at that time, if it did not become a fact until several years afterward, and we also pointed out the danger of failure to vote for the issue and postpone action, until there would not be time left to get the new plant in shape, before the old franchise ran out, in which case the city would have been at the mercy of the water works company, which could have dictated its own terms to the municipality.

After a spirited campaign the municipal water works proposition carried, and exactly what was foretold by the Advocate came to pass. A suit was brought to enjoin the bond issue, it was in the courts for months and was finally decided only last fall, by the circuit court, sustaining the victory for the city gained in the lower courts. And the city stands today, only two years before the water company's franchise expires, in a position of security as far as the building of a water plant is concerned. Steps will be taken at once, in fact have already been taken toward the immediate prosecution of the work, but should there be no other hitch the plant cannot be completed before 1906, the year the franchise expires.

We cannot help asking these questions: What if the bond issue had failed? What if the counsel of the newspaper that opposed the municipal plant had been favored, and the matter delayed?

It is apparent that by no means could the question have been submitted, carried, bonds issued, litigation decided and a plant constructed between the present time and 1906. But it is the litigation is practically over, and the water works bonds can be and should be issued without any further delay than is required by the legal proceedings of the city council.

The solicitor, Mr. Phil Smythe, is

preparing an ordinance to be introduced at the first council meeting in May, authorizing the bond issue. This will have to be published and become operative, before the next action, the issue of the bonds, can be taken; these will have to be advertised and sold. All these steps take time, so that it will be impossible to even let contracts for construction until next September, and it will be considerably more than a year before the work can be completed.

The city of Newark narrowly escaped a calamity, Thursday, at the Wehrle fire, and until a new and adequate water works system is established such a catastrophe will be imminent. Every manufacturing plant in the city may be said to be at the mercy of a destructive fire. What would become of Newark if several of her splendid manufactories should be destroyed by fire? It is only necessary to look at one or two other cities in Ohio, that are practically dead today from the loss of factories and industrial plants destroyed by fire.

We must protect our factories for the city draws its prosperous existence from them, and one of the chief means of doing this is to afford absolute fire protection as nearly as possible.

INSURANCE

On the Wehrle Property Carried in the Agency of George Franklin, Amounts to \$16,250.

In addition to the insurance mentioned in Thursday's Advocate on the portion of the Wehrle foundry destroyed by fire, Mr. George Franklin has the following

Mechanics, Philadelphia	1000
Lumberman, Philadelphia	1000
American, Philadelphia	2500
Delaware, Philadelphia	1500
Reliance, Philadelphia	1500
Girard, Philadelphia	1500
Milwaukee Mechanics	1500
Northwestern, Milwaukee	1500
Aggricultural, Watertown, N. Y.	1500
Rochester German, N. Y.	1250
American, N. J.	1500

Total \$16,250
This insurance together with the \$93,000 mentioned yesterday and a number of thousand held in agencies outside of Newark gives the Wehrle company ample protection. As heretofore stated this company will sustain no loss through yesterday's disastrous fire.

WINK THE WIZARD

THE SICK.

Mrs. Charles Babbitt, who has been quite ill with tonsillitis, for the past week, is very much improved.

Ray Jones, the little son of W. I. Jones of Tenth street, is quite ill at his home with pneumonia.

Flavius Hazlett, the well known ex-chiefman of this city, is lying very sick at his boarding house, 52 South Fourth street. His disease seems to be of a baffling nature, and a consultation of physicians was held Friday to determine what it is. The indications seem to be that his trouble is a very serious case of kidney disease.

Mrs. W. T. Burrell is ill with tonsillitis at her home on Ninth street.

KENTUCKY MINERS WILL SUBMIT DIFFERENCES TO ARBITRATION

Louisville, Ky. April 8.—A strike of over 4,000 coal miners at work in Kentucky, which seemed inevitable, was averted when after three days' negotiations, the wage committee representing operators and miners agreed to submit their differences to arbitration and abide by the result.

THE MARK OF SUPERIORITY.

TRADE

MARK

IF 100 Per Cent of the Bicycle riders in Newark knew as we know how much better our 1904 construction of the Avalon Tire is over other makes, 90 per cent would demand

AVALON PUNCTURE PROOF TIRES.

This is no idle burst of excessive enthusiasm. Our tires justifies every word. Nothing has been omitted in making the Avalon Tire one that can be depended on. The Bicycle riders of Newark may not know it, but more Avalon Tires are now in use in the Central States than any other make. Our shipment Saturday took them to five different States.

Avalon Tires are Sold in Newark by James Mills, Bicycles and Automobiles; Geo. T. Stream, Bicycles and Plumbing; C. E. Wyeth, Graphones and Bicycles; F. J. Harrington, Bicycle Repairing; L. C. One of the peculiarities in Ohio politics is the recent reverse action of certain champions of Tom L. Johnson who now have aligned themselves as his political enemies. It can only be accounted for on the theory that they did not get the boodle they expected last fall.

Indignation in Licking county over the outrage of abolishing spring elections is not confined to Democrats. Many Republicans are equally outspoken against the iniquitous legislative proceeding. If the Republican party is not severely condemned for this outrage by the people when they get a chance, then present indications are tremendously deceiving.

The battleship Virginia, which was launched at Newport News, will, when completed, be a most formidable fighting machine. She is 435 feet long at the load line and 76 feet 2 1/2 inches in breadth. Her displacement is 14,948 tons and her engine capacity about 19,000 horse power. She is expected to make 19 knots an hour. Her armament will consist of no less than 64 guns, the largest being four 12-inch and eight 8-inch ones. The Virginia is one of five similar sized battleships now under construction. The five when completed will make a most notable addition to our naval forces. They will each be larger than any vessels now in commission in our navy, the largest of the latter being less than 12,000 tons. But these five monsters will in turn be surpassed by other battleships now being built for our navy, and which will have a displacement of 16,000 tons.

MRS. BROWN

Testifies She Signed Notes "E. C. Brown" to Secure Money from Her Husband's Business

Indianapolis, April 8.—The most dramatic incident in the trial of Walter Brown, the alleged Elkhart bank wrecker, was the appearance on the witness stand of the defendant's wife. She was called as a witness to disprove the testimony of a government witness that Brown induced him to sign the notes unwittingly. Mrs. Brown is a beautiful woman, and was elegantly dressed, but she showed the strain of the long ordeal through which she and her husband have passed.

There has been much testimony to show that she signed notes as "E. C. Brown" at her husband's request to secure money for his business. With beseeching looks at her husband Mrs. Brown told District Attorney Keating during the cross examination that she occasionally had signed business papers "E. C. Brown," as she had signed the bank note found in the vault. She appealed to her husband once to substantiate her statements, but the District attorney reminded her that he was asking her, and not the defendant.

Among the witnesses introduced to prove Brown's good character was Secretary of State Storms, who said Brown had always borne a good reputation.

Brown's attorneys spent most of the day trying to break down the testimony of Brown's brother-in-law, W. L. Collins, who was cashier of the institution.

Collins stuck to his original story that false entries had been made for the purpose of deceiving the treasury department representatives, and that Brown was cognizant of the true situation.

It is learned that Brown has summoned a number of prominent men, including Chairman Goodrich, of the Republican State committee, as character witnesses.

PULLED

The Chair From Under His College Chum, Who May Die or be Disabled for Life.

Indianapolis, Ind., April 8.—A joke played yesterday afternoon by Arthur Prather, a student at the Medical College of Indiana, upon Joseph Shonkwiler, of Rockville, one of his associates, may cost the latter his life. Physicians believe that even if Shonkwiler lives he will be a helpless paralytic.

Shonkwiler had entered the lecture room, and was just about to sit down, when Prather pulled his chair from under him. He struck the floor with great force, causing concussion of the spine.

The students, not knowing that Shonkwiler was injured, stood around and jeered at him. He lay on the floor a few minutes and when it was seen that he could not get to his feet, several others helped him. Then it was ascertained that he had lost the use of his limbs. Shonkwiler is one of the most popular students at the institution.

BUZZARD

EATEN BY GANG OF FOREIGNERS AT BLACK HAND

Caused Grave Internal Disorder—The Change of Diet Was Greatly Enjoyed at First.

A dispatch to the Cincinnati Commercial Tribune says:

Out near Black Hand, where an interurban railroad company is constructing a track that is to connect Newark and Zanesville, a gang of Italians wields the pickax and shovel and toys with the festive dynamite.

The dusky Dago, as all the world knows, is several degrees "nearer" than Barkis when it comes to adhering to the coin of the Republic. They will ripen the banana in a stuffy room in which a dozen human beings live, and their chief gastronomic dissipation is an indulgence in macaroni, which goes a long way, and in a yellow wine pressed from the grape that grows on the sunny slopes of Italy's vineyards.

One day, not long ago, the Italians saw a huge buzzard circling about in the circumambient. He was evidently gorged with carrion and looking around for a convenient place to enjoy his after-dinner siesta.

When he had at last settled on a fence rail and dropped into that semicomatose condition that comes from overeating, the thrifty crew slipped up and dealt him a blow from which he never fully recovered.

Then they took the bird, stripped him of his raiment and prepared for a great feast. They gorged themselves on buzzard in a way that had only been equaled by the buzzard when he came across a choice morsel of dead horse rotting on the plain.

Nero never seemed to enjoy a peacock's liver or patte de foie gras more than did the Italians this novel feast. They stripped every bone and fairly reveled in the dead-horse flavor which a long line of ancestors had imparted to this falcon bird of prey.

But oh, what a difference in the morning! Repentance came with its dawning.

The dago began to reach down toward his waist line with a beseeching look long before the first blush of Aurora was seen in the distant east, and to discover there a pain and a nausea the like of which the unripe banana or the poorly cooked macaroni had never given.

They got up one by one and began to strew the camp with the undigested remnants of highly seasoned buzzard, groaning between grines and filling the air with "sacraments" and "diavolos" and other words expressive of disgust and anger.

Many of them were unable to go to work the next morning, and when the boss came around to see what the matter was they exclaimed in chorus, between ejaculations of unwanted buzzard:

"Too mucha big chick. Pain in bel!"

And yet a senator of the great state of Ohio, supposedly intelligent—a senator from the cultured Western Reserve, who has gone to the little red schoolhouse and even beyond—this senator, only ten days ago, defended the hen hawk and refused to permit him to be classed with the groundling as a pest to be suppressed! Is this statesmanship!

Zanesville, O., April 8.—Local Lodge No. 45 of Munificent Order of Camels initiated a party of 12 new members at the hall in the Shinnick block on Thursday evening. The ritualistic work in the initiation proceedings was pronounced as very fine.

After the work toasts were paid the officers of the lodge. In the near future a party of 25 will be initiated at which time an invitation will be extended to the Newark lodge to send a visiting delegation. Among the new members put through Thursday evening were Auditor L. E. Breckford, Rev. Asa M. McDaniels, Wm. Williams, W. H. Minter, James Russell, E. H. Kohler and Dr. J. W. Pedicord.

RIGHT LEG

Of C. A. & C. Brakeman A. Odenthal Nearly Ground Off at Mt. Liberty Thursday Morning.

Mt. Vernon, O., April 8.—A. Odenthal a brakeman on a C. A. & C. local, had his right leg almost ground off by falling under a car at Mt. Liberty Thursday morning about 10:30 o'clock. The train crew was engaged in switching cars and in some manner Odenthal fell under a moving car.

Odenhal's right leg was caught under the wheel boxing and he was dragged a distance of eight feet before the car could be stopped. The flesh was torn from his leg in great quantities from the hip to the knee, although no bones were broken.

The injured man was brought to this city on the local and Drs. Russell and Williams were called. Temporary dressings were given the injury at the station and Odenthal was removed to St. Francis' hospital, Columbus, on the afternoon train.

Odenhal lives in Columbus and has been running on the road for some time.

WILL ADJOURN ON APRIL 25

**Brannock Bill Comes Up
Next Tuesday.**

Overturf Introduces Three Bills in the Senate—A Joke on the House—Bills Passed.

Columbus April 5—The legislature will adjourn April 25.

Thursday night the senate finance committee considered the Johnston joint resolution, providing for adjournment upon the 18th, and after making an elaborate canvass of the situation, decided to amend it to carry an additional week.

This will mean that for the remainder of the session there will be bustling every day in both houses. Something like 900 bills have been introduced. Less than 25 per cent of them have been passed; not to exceed 75 have been approved.

Columbus, O., April 8—The Senate judiciary committee has reported favorably the Brannock bill with an amendment providing that wherever 75 per cent of one side of any block is occupied for business purposes not including saloons, that block shall be wet territory and where the opposite block facing south territory contains less than 25 per cent residence property that block also be in the same wet territory, the two blocks being thus exempted from a local option election. Another amendment provides that where two petitions are filed covering overlapping territory election shall be called upon the territory described in the first petition. Where there is no registration the petitioners must be made up of electors who voted at the last general election. The report was signed by Senators Stewart, West, Ricketts, Heinlein, Connel, Chamberlain Overturf and Harrison. The bill was made a special order for next Tuesday at 2:30 p. m. It is practically assured passage without further amendment.

Representative Bronson reported his primary election bill to the House from the election committee, Thursday. It is considerably changed from the original draft. The provision that primaries be held by both parties on the same day has been cut out, and also the provision for a special registration of party voters.

Primaries are not compulsory, but if the party committee decides to nominate by primary or to select delegates to a convention by primary the primaries must be held by the county board of elections and cannot be held by the party committee.

In their eagerness to get at once the money that would come to them in due course of time the members of the House managed to pass a bill which would result in reducing the compensation of the members of the next legislature.

With a hup, hup hurrah the Meyers bill was put through, which provides that all of the salary for the full term, \$1,200, which has not been previously drawn, shall be paid at the close of this session. The intention was to let the members draw on adjournment the \$600 which is due February 15, 1905, and which is the second-year salary. But if the Ricketts amendment to the constitution is adopted, the members of the next legislature will be in office for three years, yet under the Meyers bill they would get only \$1,200 for three years service.

The joke is on the House. The Senate will rectify the error.

The Senate passed the bill by Senator Moore providing a depository for safe funds. The governor, auditor and attorney general shall comprise a depository commission and shall in no case deposit in any bank more than the amount of its capital stock, nor more than \$500,000. No deposit shall be made upon a lower interest rate than one per cent per annum. As securities for such deposits the commission may accept United States bonds, municipal bonds, together with certain railroad bonds and security company bonds, where such companies are authorized to do business in Ohio.

The following were among the bills passed by the House: By Senator Carter—Requiring incorporated banks to return the amount of money representing their capital stock for taxation. It applies only where banks of this kind do not have the capital stock divided into shares.

By Senator Austin—Legalizing the office of superintendent of free labor employment bureaus and increasing the salary from \$100 to \$150. The state is divided into five districts and

the appointment is to be made by the commission of labor statistics.

By Mr. Johnson of Gallia—Authorizing the auditor of state to require two reports from state banks each year as to their condition, the dates to be selected by himself.

By Mr. Crafts of Portage—Continuing the canal commission for two years. On motion of Mr. Worthington of Belmont the salary was reduced from \$2,000 to \$1,500 per annum.

By Mr. Bassett—Providing that double liability shall not apply to the stock of any company organized in this state after November 22, 1903. This is the time when the single liability is to take effect.

By Mr. Lehmann—Providing for the improvement of roads forming the boundary line between two or more counties by the joint action of the commissioners of the counties affected thereby.

By Mr. Lehmann—Amending the statutes regarding nuisance so that where the offenses of a continuous or recurrent nature the court may penalize for contempt instead of requiring a new indictment and trial.

Senator Overturf, of Delaware, introduced three bills in the Senate Thursday. They are bills providing that when a corporation has made proof that there are no debts or claims thereto or from it, it shall be dissolved upon its application, and at the end of three months if no claims against the corporation shall be forever barred.

In the appointment of district physicians and health officers, physicians shall take care of all the sick poor within his ward or district, and shall not be a member of the board of health.

Providing for having court records transcribed and making indexes and fixing a maximum fee therefor of 6 cents per 100 words.

HAVE YOU IDLE MONEY?

The Newark Telephone Company, whose exchange has grown from 600 to 1500 subscribers within a very short period, in the month of March installed 80 telephones. About the same number will be installed this month. This remarkable growth means the expenditure of a large sum of money, more than the Company is able to pay out of its earnings. This growth is therefore provided for in part by the issue of 5 per cent Preferred Non-Taxable stock. The stockholders have authorized the issue of \$15,000 worth of this stock. Both the common and preferred stock pays dividends.

The leading men of Newark are buying it. It is safe, absolutely, pays 5 per cent and the man who holds it has no tax to pay out. The company pays the tax. The assessors will soon be around and if you have a few hundred dollars on hand, now is the time to invest it where it will be earning a good rate of interest and be free from taxation.

Manager Hollander will show you the list of 57 men and women who hold stock in this company. Their names are a guarantee in themselves. A statement of the business of the company is open to every prospective purchaser. This matter is worth investigation. If you have \$100 to invest you will receive the same consideration as the person who has \$10,000. Call at the exchange, inspect the plant, look at the books, talk with the manager or with any of the officers of the company. Do it now. The stock will soon all be sold.

The Style of a "Dorothy Dodd"

Let us assume that your Shoes fit you. Now what next? What is most important? Unquestionably "Style." Demand that a Shoe shall possess "Style." If it has style and little else you want it; if it has not style but everything else, you don't want it.

The "Style of a 'Dorothy Dodd'" Is Unique

It cannot be duplicated by any other maker, because the "Dorothy Dodd" is a totally different construction from any other ladies' shoe made. It holds the foot firmly at the waist (that's the instep), prevents the toes from slipping forward, and thus gives a correct poise in walking. Yet it makes the foot look nearly a whole size smaller. That's curious, and you won't believe it till you see it. JUST FOR ONCE TRY THE "STYLE OF A DOROTHY DODD."

Eczema's Curse Removed

Awful skin disease of this woman cured in a few weeks after fifteen years' terrible affliction.

Note the ghastly despair in the photo taken before treatment.

(Case of Mrs. J. M. Daniels of Winchester, Ky., completely cured by D. D. D. after 7 weeks' application. She had suffered fifteen years.)

See the same features—but note how different when brightened with hope and happiness, after her freedom from it all. Reader! This is more than medicine talk. It is humanity to enlighten sufferers about this.

The most virulent skin diseases are conquered—every time—in all cases—without any exception—all cleared away in a few weeks—by the brilliantly clever new skin prescription, "D. D. D." Its work is hardly equalled by any other wonders of modern medical practice.

D. D. D. REMEDY

Enough has been known to us—regarding the above case and hundreds of others—to demonstrate beyond all question whatever that any of the known forms of skin disease—any eruption or breaking out—must quickly give way and disappear under the influence of this prescription (known as "D. D. D."). Cases of Eczema, Salt Rheum, Ring Worm, Psoriasis, Barber's Itch, Acne, etc., some of twenty years' standing have been cleared off and permanently cured in a few weeks. In several cases from one to three years have elapsed and there has been no returning sign of the disease. Hundreds of cases cured since the preparation has been placed on sale show no sign at all of the previous affliction, and we fully believe they are permanent cures.

Have you been—or do you know anyone, who has been—in a living hell of torture with a skin disease? Dispair usually seizes those so afflicted. Many imagine it is in the blood and too subtle to cure. Doctors have stood baffled and helpless against Eczema. Half of them think its worse forms are blood poison. Ninety-nine cases out of a hundred of manifestations on the skin are purely local—SKIN disease—not BLOOD disease. Healthy blooded people break out as often as any one, the blood has nothing to do with it in most cases. It is a parasite in the skin that spreads. This prescription is today completely clearing away—quickly too—and permanently curing every trace of such parasitic trouble and leaves the skin soft, healthy and perfect. Call at our store and investigate the unquestionable proofs in our possession.

The prescription is sold by us at \$1.00 for a liberal bottle, and comes under authentic label of the D. D. D. Company of Chicago, who solely compound the prescription for druggists everywhere.

Don't think that the great pre-Easter business which centered here depleted our assortment of Spring styles. Far from it! Easter marks the beginning of the selling of Spring Footwear. To be sure, we fitted more feet the week before Easter than any other stores in Newark. But the vast shipments are arriving daily, that fills our store with all the clever patterns and strictly practical designs of Spring Shoes. Shoes for both men and women in all the newest designs

FROM \$1.50 TO \$4.00.

And some of the market's select makes in \$1.50, \$5 and \$6 shoes.

Spring slippers are among the charming things of our spring stock, glad to show them to you at any time.

Our guaranteed shoes from \$2.50 to \$4 are taking a seat at the head of the class. Remember you wear the next pair absolutely free if the upper breaks before the first soles wear through.

MEETING

OF MISSIONARY SOCIETIES OF ZANESVILLE PRESBYTERY

Closed an interesting session at Fredericktown on Thursday—Dr. Mary Fulton Spoke.

Fredericktown, O., April 8.—The annual meeting of the Home and Foreign Missionary Societies of the Zanesville Presbytery closed at 10:30 Thursday morning after a very successful meeting.

There were 88 delegates present from the following counties which comprise the district: Coshocton, Knox, Licking and Muskingum.

The session opened Wednesday morning with devotional exercises by Mrs. Pond. Mrs. McClelland gave the address of welcome and the response was given by Mrs. Stevenson, the president, from Dresden.

On Wednesday evening a very interesting address was given by Dr. Mary Fulton of Canton, China, on the subject, Hospital Work in China. Her remarks were very interesting.

The session commencing at 9:30 Thursday morning was devoted to the hearing of the reports from the Home Missionary society by Mrs. Johnson of Coshocton.

The old officers of the Presbytery were elected, Mrs. Stevenson being re-elected as president.

The ladies of the church served dinner and supper on Wednesday.

TRAILKILL

PAID DR SMITH \$1674 AND WAS ALLOWED TO GO.

Chief J. S. Sheridan and Dr. D. M. Smith Returned from St. Louis Friday Afternoon.

Chief J. S. Sheridan and Dr. D. M. Smith arrived from St. Louis Friday afternoon, where they went for Harry Trailkill who was arrested there for the embezzlement of \$1500 from Dr. Smith.

Trailkill when confronted by the Newark men agreed to settle the matter and paid Dr. Smith \$1674, of which \$174 was for expenses. The criminal prosecution was dropped and Dr. Smith came to Newark with his money, and Trailkill after paying a fine of \$3 and costs for disorderly conduct was allowed to go.

A dispatch from Columbus says Mr. Trailkill was registered at the Hartman hotel there Friday.

Masonic Meeting.

A. O. H. Meeting

A regular meeting of the A. O. T. will be held this evening, when it is desired that as many of the members as can possible do so, be present.

LIFE PLANT CURED

Joseph T. Sawyer, of Trinway, Ohio, conductor, of

RHEUMATISM

Mr. Sawyer had rheumatism for 15 years. Tried many different kinds of medicine without obtaining relief. Two bottles of Life Plant cured him. Mr. Sawyer says:

Trinway, O., Oct. 10, 1903. The Life Plant Co., Canton, Ohio.

Gentlemen: I wish to thank you for the good "LIFE PLANT" has done for me and my family. I myself have had Rheumatism for the past fifteen years and used all kinds of medicine without any relief. I am a conductor on the Pennsylvania Railroad and am well known. I will endorse the medicine to all my friends. LIFE PLANT is the greatest medicine on earth. I have used two bottles only and it has cured me entirely. Yours truly, JOS. T. SAWYER.

Life plant has cured 97 out of every 100 cases of rheumatism we have treated. In the past 18 months we have received 10,000 testimonials from rheumatic sufferers cured by Life Plant. A remarkable record. No matter how severe your case or how long standing you can try Life Plant at our expense. If it fails to cure you, your druggist will refund your money, and we will settle with him. Price \$1.00 per bottle. Write for free booklet to The LIFE PLANT Co.

The Hunter Case.

W. V. Jordan on Friday received a copy of a Dallas, Texas paper from H. P. Kutz containing a report of the Wm. A. Hunter case up to Tuesday night.

The paper said that the first indictment was dismissed but that arguments on the second indictment were then in progress. A special exclusive telegram to the Advocate on Wednesday, however, said that the court had overruled the demurrer to the indictment and that the trial was then in progress. The press dispatches have not since referred to the case and no further private dispatch has been received in Newark, so far as known. It is assumed that the case is still on trial.

Mr. Hoover's Will.

Application has been made to probate the will of the late Byron G. Hoover, deceased.

Paine's Celery Compound

Tunbridge, Vt., Dec. 31, 1903.—"I began taking Paine's Celery Compound in the spring after having spent a year and a half confined to my bed on account of having pneumonia and a bad knee, due to blood trouble. At the time I began taking your medicine I was very nervous and did not want to see any one—only my own folks."

"The doctors all said that there was just nothing else they could do for me, and also said they did not think that I would ever be any better, and if I was better I would never be able to walk again."

"A friend of mine was taking Paine's Celery Compound at the time and I thought I would try it. I took several bottles before I saw much improvement. But soon my nervousness left me. I again enjoyed seeing all who called at the house."

"I kept right on gaining until now I call myself VERY WELL AND HEALTHY. I had a light attack of the grippe and I took one bottle of Paine's Celery Compound. It helped me to regain my strength. I can truly say your medicine has been of great benefit to me."—Anna C. Ballou.

Franchise Bill.

Columbus, April 8.—The State franchise commission bill was introduced by House Member Lefever of Morgan this morning. It places control of street railroads, interurbans, artificial gas, electric light, heat, power and water companies under a commission to be known as a state board of control of public service corporations consisting of three members to be appointed by the governor for five years at \$6,000 a year. The commission has the power to appoint clerks, engineers, etc. and the expenses are to be borne by the public service corporations of the state. Existing contracts are not affected. The board has the power to regulate fares and authorize construction, maintenance, etc. The corporations are required to report the annual showing of income, expenses, etc. Fares are to be regulated upon the request of either the municipality or the corporation affected.

Operations Avoided

Hospitals in our great cities are sad places to visit.

Three-fourths of the patients lying on those snow-white beds are women and girls.

Why should this be the case? Because they have neglected themselves.

Every one of these patients in the hospital beds had plenty of warning in that bearing-down feeling, pain at the left or right of the womb, nervous exhaustion, pain in the small of the back. All of these things are indications of an unhealthy condition of the ovaries or womb.

What a terrifying thought! These poor souls are lying there on those hospital beds awaiting a fearful operation.

Do not drag along at home or in your place of employment until you are obliged to go to the hospital and submit to an examination and possible operation. Build up the female system, cure the derangements which have signified themselves by danger signals, and remember that **Lydia E. Pinkham's Vegetable Compound** has saved thousands of women from the hospital. Read the letters here published with the full consent of the writers, and see how they escaped the knife by a faithful reliance on Mrs. Pinkham's advice and the consistent treatment of

Lydia E. Pinkham's Vegetable Compound.

READ THE FOLLOWING LETTERS:

"I was taken sick very suddenly July 13th with severe cramps, or pains. I summoned a doctor and was in bed a week lying on my back all the time. The pains left me very sore. In a few weeks I was feeling better but was soon taken sick again with those pains and had another doctor. This one said I had neuralgia pains of the stomach and ovaries. He injected morphine and eased me again, but I remained sore and weak from the pains and continued to flow for one month and three days without stopping for one day.

"The doctors wanted to scrape the womb, saying the lining was inflamed. I had a pain at times in my right ovary and felt weak nearly all the time. Am only twenty years old, never was sick until this sickness in July. Menses never lasted more than four days and never an ache or a pain.

"I began the use of **Lydia E. Pinkham's Vegetable Compound** and soon was feeling better. I am now well and strong again. Your medicine has relieved me of the pain in my side and stopped my flowing which the doctors could not do.

"I feel very grateful to you and can recommend your medicine to all suffering women."—LUCILLE A. GAINES, 2348 Pine St., St. Louis, Mo.

"I suffered with female trouble for over eight years, had womb trouble and painful menstruation. Have been under the care of doctors who said I would have to submit to an operation before I could be cured. I suffered everything.

"One day I picked up a paper and noticed your advertisement and a testimonial from a friend I knew, stating your medicine had cured her so I thought I would try it. I told my husband I would give up all doctors and try your medicine. I began using your medicine just two months ago and cannot say enough on its praise. Menstruation comes freely now without pain.

"**Lydia E. Pinkham's Vegetable Compound** has brought health, joy and happiness to me. My advice to all suffering women is to try your Vegetable Compound."—Mrs. Fred McNaughton, Box 401, Breckenridge, Minn.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

CRUSHES OUT THE LIFE

The most loathsome and repulsive of all living things is the serpent, and the vilest and most degrading of all human diseases is Contagious Blood Poison. The serpent sinks its fangs into the flesh and almost instantly the poison passes through the entire body. Contagious Blood Poison, beginning with a little ulcer, soon contaminates every drop of blood and spreads throughout the whole system. Painful swellings appear in the groins, a red rash and copper colored spots break out on the body, the mouth and throat become ulcerated, and the hair and eye brows fall out; but these symptoms are mild compared to the wretchedness and suffering that come in the latter stages of the disease when it attacks the bones and more vital parts of the body. It is then that Contagious Blood Poison is seen in all its hideousness. The deep eating abscesses and sickening ulcers and tumors show the whole system is corrupted and poisoned, and unless relief comes soon this serpent disease tightens its coils and crushes out the life. The only antidote for the awful virus is S. S. S. It is **nature's remedy**, composed entirely of vegetable ingredients. S. S. S. destroys every vestige of the poison, purifies the blood and removes all danger of transmitting the awful taint to others. Nothing else will do this. Strong mineral remedies, like mercury and potash, dry up the sores and drive in the disease, but do not cure permanently. Send for our home treatment book and write us if in need of medical advice or special information. This will cost you nothing.

HAPPENINGS OF THE COUNTY.

BUCKEYE LAKE.

The Buckeye Company, which has been managed by Mr. Jonah Walter, has sold its press and other machinery and will no longer make molasses. Mr. Walters, the manager, is getting older and has made himself look much older by his constant and energetic work to make the Buckeye Company a success, which he has done. For miles around the Buckeye Company has acquired fame for its famous brand of molasses. For quite a number of years Mr. Walters has personally conducted the affairs in every detail and has succeeded in establishing for himself a reputation that will stand in business and social life. Mr. Walters will take away the buildings used in boiling rooms and storage houses. By the closing of the factory we lose one of our industries but we will not lose Mr. Walters, as he says Buckeye Lake is good enough for a king. Owing to the recent rains the lake is at high water mark. The Licking river has been bank full but no damage has as yet been reported. The flood gates at the lake have not yet been raised and will not be unless more rain falls. Older citizens watched with anxiety the banks of the lake as they were afraid of their breaking and allowing the immense volume of water on the lowlands. All fear has now subsided as the wind has ceased to blow and no rain has fallen for a few days.

The C. B. L. & N. Co. have repaired the levee along their possessions by jetties formed of logs, brush and stone. The levee is in need of repairs and each year it becomes more threatening.

The result of the low water can now be plainly seen by any observer. Daily hundreds of dead fish are washed on shore by the waves. The eastern extremity of the lake is where the fish suffered most as it was more shallow than the west. Old fishermen account for the loss of fish by saying that the water was shallow and being frozen so long and to such a depth the water became stagnant, and the result was death to the fish.

The say that if next winter is like the winter just passed and the water is shallow that it will practically kill all the fish in the lake. Owing to the death of so many of the game fish the state could do nothing better than

stock the lake with a new supply of fish and then ridely enforce the netting and poaching laws. Whether or not fishing will be a success this spring remains to be seen. Several people came this week to catch some of the finny tribe but we saw no fish.

Duck hunters still flock to the lake from Columbus, Newark, and other points. All seem pleased as nearly everyone goes away with a few ducks. Good duck shooting will last longer than the season allowed by law according to reports of our local sportsmen, who each day are on the lake, pursuing their favorite sport. Thus far our local sportsmen have been doing the best shooting. Our best local men are Henderson Jones, Captain Fisher, Jno. M. Rosebrough and O. M. Holtzberry, who seldom, if ever, miss a duck.

MISSIONARY

FROM CHINA WILL BE HERE ON SATURDAY.

Dr. Mary Fulton Who Has Been in the Orient for Nineteen Years, Now in Central Ohio.

Dr. Mary Fulton, a China missionary, and dean of the only women's medical college in the Chinese empire, located at Canton, China, will come to Newark Saturday morning. Dr. Fulton is one of the oldest China missionaries in point of service, under the direction of the Presbyterians in this country. She has been in China for the past 19 years, being located all these years at Canton. In all that time she has been back to this country but once before her present trip, and that was ten years ago. The missionaries are given one year's vacation every eight years, and Dr. Fulton is now enjoying hers. But it can hardly be called a vacation as Dr. Fulton is in great demand by the Presbyterian missionary societies throughout the country. In order to secure a complete rest before returning to her duties she intends going to Switzerland for several months to visit some friends and recuperate from the arduous duties she performs in Canton. She leaves for Switzerland in July.

Dr. Fulton has made the Pacific trip to Canton three times and this year she intends going to Canton via the Suez canal and Red Sea. She had intended going across Siberia on the Russian railroad to Vladivostok, and then down through the Chinese empire, but these plans have been frustrated by the Russo-Japanese war.

Dr. Fulton occupies three prominent positions in Canton. Besides being dean of the medical college, she is the physician and surgeon in charge of the David Gregg Women's and Children's hospital, and superintendent of the Nurses Training school. The missionaries in China are doing a great work and the Zanesville Presbytery is keeping Dr. Fulton in the field.

"While I was in Philadelphia, I received a contribution of \$5,000 from Mrs. Charles Turner, president of the Philadelphia board, for the endowment of two wards in the Canton hospital, one a maternity ward and the other a children's ward," said Dr. Fulton. "It was a magnificent gift and the two wards will be a valuable addition to the institution."

Dr. Fulton while in Newark will be the guest of Mrs. John E. Dean of Hudson avenue, where anyone who wishes to meet and talk with her may do so on Saturday afternoon.

On Sunday morning she will deliver an address in the First Presbyterian church, and on Sunday evening she will address the congregation of the Second Presbyterian church.

DELEGATES

TO METHODIST CONFERENCE GO IN PRIVATE CAR.

The Ohio Delegates Will Represent a Membership of 75000 Buckeye State Methodists.

Delegates to the general conference of the Methodist Episcopal church, at Los Angeles, beginning May 3, from the Ohio conference, which includes this district, will travel there in a private car, which will leave Columbus at 6 o'clock on the morning of April 26.

Arrangements for the transportation of the party, which will consist of the ministerial and lay delegates, and a number of guests, have been made by Dr. A. H. Norcross, chairman of the delegation.

The delegation will consist of the following ministers: Rev. A. H. Norcross, chairman; Rev. W. F. Oldham, D. D., Chicago; Rev. Levi Gilbert, D. D., Cincinnati; Rev. Frank McIlfresh, D. D., Zanesville; Rev. R. F. Bishop, Athens, and Rev. W. V. Dick, Columbus; lay delegates, D. S. Gray, Columbus; W. B. Anderson, Portsmouth; Judge J. W. Bright, Logan; Judge Sidney Marlett; C. H. Dwyer, Ironton; Mrs. C. C. Snyder, Kingston.

Among the others who will be in the party are: Rev. N. W. Good, Rev. P. A. Baker, Rev. W. H. Lewis, Columbus; Rev. L. C. Sparks, Newark; Rev. W. R. Milburn, Portsmouth, and Rev. J. C. Weadly, Granville.

The Ohio conference delegates will represent a membership of 75,000 Methodists. The entire 20 delegates from the state will represent about 200,000 church people. It is probable that

some of the other conferences in the state will follow the example of the Ohio conference and secure a special Pullman.

The car will leave the Union station over the Big Four railroad. A day will be spent at Denver and another day (Sunday) at Salt Lake City. It will be scheduled to arrive at Los Angeles on May 2.

The conference will last a month and will be composed of 850 delegates.

Lutherans Meeting.

Pittsburg, April 8.—The three days' session of the Lutheran conference came to a close last night with a choral vesper service.

From the addresses which were delivered and from the attitude of the speakers during the general discussion, it could not be doubted that the assembly as a whole was in favor of a more centralized power in the church.

Rev. J. C. Schindel of Newark, attended the meeting.

A disordered stomach may cause no end of trouble. When the stomach fails to perform its functions the bowels become deranged, the liver and kidneys congested, causing numerous diseases, the most fatal of which are painless, and therefore, the more to be dreaded. The important thing is to restore the stomach and liver to a healthy condition, and for this purpose no better preparation can be used than Chamberlain's Stomach and Liver Tablets. For sale by all druggists.
